Respond to Issues in Security and Compliance Reports

At the end of this episode, I will be able to:

1. Review and respond to issues identified in security and compliance reports in Microsoft 365 Defender

Learner Objective: *Respond to security and compliance issues*

Description: In this episode, you will learn how easy it is to respond to security and compliance reported issues in your Microsoft 365 Defender environment.

- There are many security-related reports available with Microsoft 365
- In the Microsoft 365 Defender console - click the REPORTS blade in order to view the available reports
- These include:

    - Security Report
    - Query Resources
    - Threat Protection
    - Device Health
    - Vulnerable Devices
    - Web Protection
    - Firewall
    - Device Control
    - Attack Surface Reduction Rules
    - Email & Collaboration Reports
    - Manage Schedules
    - Reports for Download
    - Exchange Mail Flow Reports
    - Exported Reports
